this "mappe" has been adapted for your entertainment from one which an old seafarer is said to have presented to King Henry VII of England in the year 1500. Though modernized to "shew the known world" of our time the artist has happily retained the atmosphere and interest of the original.

**TCA** is one of the world's great airlines. More than 100 scheduled flights each day carry passengers, air mail, air parcel post, aircargo and air express throughout the 18,000 miles of "The Maple Leaf Route". Trans-Canada Air Lines serves 52 communities in Canada, the United States, England, Scotland, Ireland, France, Germany, Bermuda, the Bahamas, Barbados, Jamaica and Trinidad.

For specific information on flights, please refer to the timetable in the seat pocket or ask your Flight Attendant.
